PROJECTS

Photography Portfolio

📅 03/2022 - 05/2022

🔗 <https://riyachand.github.io/portfoliowebsite.github.io>

Portfolio website is a unique way to showcase someone's work, projects, case studies and let others know about them.

- Used JS, CSS, and HTML to give the website a dynamic look like slideshows, fade-ins, and fade-outs. Published this website on GitHub.

SCIENTIFIC CALCULATOR

📅 04/2022

🔗 <https://github.com/RiyaChand/Scientific-Calculator>

A Scientific Calculator is a very powerful and general-purpose calculator.

- This project is based on Java using Eclipse IDE.
- In addition to basic arithmetic functions, it provides trigonometric functions, logarithms, powers, roots, etc.
